Computing: We are Game Testers—T2

Learning link

In Term 1 we used Scratch Junior to program our sprite to follow instructions.

Key learning - We will learn to.....

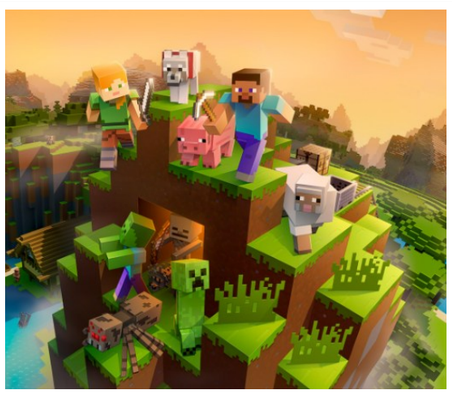

- Work out the rules of a game
- To design rules for a game
- To create a game as a class

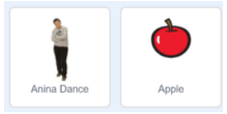

Where is this used?

Here are cool jobs where people use coding!

- Game Makers
- They code video games like Minecraft or Roblox so characters can jump, run, and explore.

Vocabulary

Algorithm 	Set of instructions
Debug 	Remove problems
Code 	Writing an algorithm
Sprite 	Character or object
Input 	Enter information
Output 	Final result

Keeping safe
